Enforcement Confidential;

John:

Thank you for giving me an opportunity to review the Conoco report. I noted all of two comments and they relate to formatting that you will see in the Draft.

Regarding the attachment #6 and the note in the Q&A with Conoco in the report, here is my take

## Ex. 5 Deliberative Process (DP)

I sent a quick email to Marcia Mia (OECA's NSPS OOOO/OOOOa expert) for a second opinion. I'll forward you her response. Let me know if you would like to discuss in more detail.

Hi Chris. I am ready for your peer review of the draft report for CPF#1. Look for my email yesterday, giving access to the One-Drive folder.

Attachment 6 to the report - the company's LDAR plan - includes a statement that they won't check on temporary equipment. I'm interested to hear your thoughts on that. Also, please look at the Q&A I had with them, post-inspection (last page of report). We got into some specific details from their annual reports.
